Home and Community Services Information System (HCSIS) 90.05 Release Newsletter Now Available

ODP Announcement 22-102

AUDIENCE:

Providers, Supports Coordinator Organizations (SCOs) and County/Administrative Entities that report or manage incidents in EIM, including those who are designated as Incident Management Representatives

PURPOSE:

To announce that the Home and Community Services Information System (HCSIS) 90.05 Release Newsletter is available under the HCSIS Communique hyperlink found on the Learning Management System (LMS) located on the HCSIS homepage.

DISCUSSION:

HCSIS Release 90.05 implemented on August 06, 2022 impacting multiple program offices-ODP-ID/A, ODP-BSASP, OLTL and OMSHAS.

Work items to highlight in this release include:

- Users being able to select the following incident statuses in the Incident Management Review Report: Select All, Open or Closed, Open, Closed, and Deleted.

- The Incident Detail Screen has been updated to include a font color change to indicate that an incident document is late or has been submitted late.

- The Created by Date has replaced with the Submission Date on the workload dashboard.

- The Incident Print Summary displays Status, Created Date, Due Date, Submitted Date, and Last Edit Date for all documents contained in the report. It is important to note that the Due Date and Time is only displayed for the First Section document. For all other documents the system only displays the Due Date. The number of report extensions filed for the Final Section is under the Incident Final Section document information.

Please review the HCSIS Release 90.05 Newsletter as part of this Announcement and located on the secure LMS Home and Community website for more information. If you do not have an LMS Login ID and Password, contact your Business Partner Administrator (also known as your "BP Admin").
