

WE NEED YOUR VOICE!

"We have a right to have our voices heard in the national conversation about us. There are no exceptions." – Autistic Self-Advocacy Network

WHO WE ARE

There is a new center for people with intellectual and/or developmental disabilities who also have mental health conditions. Our center is **looking for people who want to share their experiences**. We need you to represent others with disabilities in our community.

WHAT WE DO

Our goal is to **improve supports** for people with intellectual and developmental disabilities who also have mental health conditions. We want to hear from people from many different backgrounds.

BY MARCH 17, 2023

HOW IT WORKS

Join a **group of 12 people** to serve on the Steering Committee for the center. The group will make important recommendations on how the center should move forward.

WHAT YOU DO

There will be **4 meetings per year** including optional times before and after the meetings to prepare and talk about what is being discussed.

We will **pay you** (and your support staff, if needed) to be a part of this important project.

This project is a collaboration of partners including:

- [NASDDDS](#)
- [NADD](#)
- [NASMHPD](#)

This is a Project of National Significance Funded by the Administration for Community Living (ACL). Doing a better job at supporting individuals with I/DD and who have mental health support needs is very important.
